Farmers Interest Seed Corn

Will Increase Your Yield 10 to 30 Bushels Per Acre

We care not what corn you have now, if you plant FARMERS INTEREST WHITE DENT alongside of it, it will beat it 10 to 30 bushels per acre.

Farmers Interest has been bred for 18 years. Barren stalks have been eliminated, the ears grow very large and the quality is high. This variety has always won the highest honors at the great International Corn Expositions, open to the world, from the first one held in Chicago in 1907, down to and including this year, 1914.

The selection, breeding and improvement of this corn has conferred on farmers, and all the people, greater benefits than all the work of Luther Burbank, the plant wizard of California.

The least expensive and most certain way to improve a corn crop is to let others do the breeding and you buy the result at a small price per bushel. For a farmer to produce a bushel of corn like we will sell him for a couple of dollars would require the work of years—worth a thousand dollars or more.

Send your name for a FREE sample and further particulars and photo reproductions of grand sweepstakes exhibits. Better write NOW. The photographs of prize-winning corn are well worth seeing. Named and introduced by **O. K. Seed Store, Dept., Indianapolis, Indiana.**

Cough Medicine for Children

Too much care cannot be used in selecting a cough medicine for children. It should be pleasant to take, contain no harmful substance and be most effective. Chamberlain's Cough Remedy meets these requirements and is a favorite with the mothers of young children everywhere. For sale by all dealers.

Found a Cure for Rheumatism

"I suffered with rheumatism for two years and could not get my right hand to my mouth for that length of time," writes Lee L. Chapman, Mapleton, Iowa. "I suffered terrible pain so I could not sleep or lie still at night. Five years ago I began using Chamberlain's Liniment and in two months I was well and have not suffered with rheumatism since." For sale by all dealers.

Roscoe and Johnnie Pierce went to Benton Friday where they visited Monroe Chestner. They reported a good time and that Mr. Chestner was farming on a big scale. He has out one hundred and fifty acres of rice; is ready to plant fifteen acres of melons and is planning to put out seventy-five acres of corn also. Mr. Chestner had just received a car load of cattle. All seemed well pleased with their new home.

Straight at It

There is no use of our "beating around the bush." We might as well out with it first as last. We want you to try Chamberlain's Cough Remedy the next time you have a cough or cold. There is no reason so far as we can see why you should not do so. This preparation by its remarkable cures has gained a world wide reputation, and people everywhere speak of it in the highest terms of praise. It is for sale by all dealers.

Look to Your Plumbing

You know what happens in a house in which the plumbing is in poor condition—everybody in the house is liable to contract typhoid or some other fever. The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first class condition all the time. If you have any trouble with your digestion take Chamberlain's Tablets and you are certain to get quick relief. For sale by all dealers.

Young Cape Man Gets a Lutesville Bride

Ambert Mabrey, a young man working in the shoe factory here, left last week for Lutesville, his former home, telling his friends he was going there for a visit with home folks, and returned Sunday with his bride. The young man and Miss Grace Lutes of that city had been sweethearts for a long time, but Mr. Mabrey's friends here knew nothing of it until he returned and presented her as his wife.

Mr. Mabrey has been living here for about two years and has made a host of friends, who will be glad to hear of his happiness. He is a model young man and holds a very responsible position in the Cape's big industry. Miss Lutes is not known in this city, but reports from her home town say that she was one of the most popular young women in Lutesville. The young pair will make their home with Mr. and Mrs. C. B. Wright on lower Broadway for the present and will later go to housekeeping.—Cape Girardeau Republican.

The Bank of Marble Hill

1 Per Cent Interest on Time Deposits

The series of special sermons Rev. Chas. H. Caton has been preaching in Marble Hill has attracted wide attention throughout the whole community. Mr. Caton is a unique preacher both in thought and delivery. The audiences grew in number and interest last week until Sunday night when the Baptist church was crowded and chairs were carried in to accommodate the crowd. Mr. Caton will not use the Baptist church longer. It is unfortunate that the Christian church people have not a house large enough to accommodate the people who are increasingly anxious to hear this gifted preacher.

Benton Democrat.

V. L. Harris has on exhibition at his office a remarkably well preserved skull of a prehistoric man or woman, presumably from the size, a woman. This relic was dug from a mound on Julius Mistfield's place last Monday. The teeth on one side are well preserved and indicate that the woman was not over thirty years of age. An imaginative man can construct many theories as he gazes at this remnant of a woman who probably was a Scott county belle a thousand years ago; or maybe she was married and left a sorrowing husband. She evidently had loving relatives and friends, else this monument would not have been erected to her memory. A black bowl that will perhaps hold a half gallon was found by her side. This bowl is better preserved than the skull and was perhaps one of the woman's valued treasures. Several skeletons were dug up and for each there was one or two earthen bowls, which were found on the skulls. M. Mistfield has quite a collection of mound builder's relics at his home near Diehlstadt.

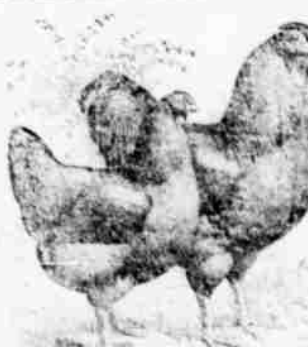

TO STOCK MEN

L. W. DIRECT, No. 52,008, the fine young trotting stallion, will make the season of 1914 at my barn three miles east of Marble Hill. This is a splendid young animal, black and well proportioned. I will be glad to have stock men call and see him and get his pedigree in full.

Terms—\$15 to insure a colt to stand and suck. All care will be taken to prevent accidents, but I will not be responsible for any that may occur. PHILIP SCHMIDT.

COLLEGE ARISTOCRATS

R. C. Rhode Island Reds, bred 11 years from \$15 to \$20 cock birds, true to type and color, excellent layers. Eggs, per setting \$1 to \$2.50. Also, Black Minorca eggs, 75c per setting. A liberal reduction if taken away in baskets. Satisfaction guaranteed.
